School of Business DEI Committee
Student Representative Charge

The School of Business DEI Committee was formed to develop and plan inclusion activities for the School of Business constituents, including faculty, staff and students. The purpose is to express our commitment to maintain a safe environment where all are heard and respected.

Student Representative responsibilities include:

- Attend and participate in all Committee meetings.
- Provide a student perspective on the diversity and inclusivity within the School of Business.
- Share what DEI related topics are relevant to the students within the School of Business.
- Assist the committee in sharing and finding the best means of access to educational resources and planned activities with the students in the School of Business.
- Collaborate with students and student organizations in the School of Business, and across campus, in planning events/activities/workshops/seminars for students to educate, create awareness and a culture of respect and understanding.
- Encourage participation of all college constituents in planned events/activities/workshops/seminars.
- Assist the Committee in planning and execution of all events.
- Take a leadership role, alongside Committee members and/or Committee Co-Chair in the planning and implementation of at least one student event/activity per semester.
- Share with the Committee what is currently relevant with the student population, ideas on the best means to get information to the students, etc.
