Help Us Name the School of Business Innovation/Flex Space

As most of you have seen, the old computer lab in the basement of the Business Building (Room 017) has been under construction since the summer. The work is finally *almost* complete. The room will be able to be utilized by faculty and students within the School of Business for group project work, small classes, etc. More details will be forthcoming. **The project was made possible thanks to the generous donations of many School of Business Alumni! Now, we need your help.**

We're asking you to contribute your most creative and inspiring ideas for the name of this new collaborative hub. We want a name that reflects our community, our focus on innovation, our alumni, and the spirit of the School of Business and TCNJ. Please submit your suggested name(s) and a brief (1-2 sentence) reason for your choice using the link below:

Name the New Innovation/Flex Space

The deadline for submissions is **November 14, 2025**. The winning name will be selected by the School of Business leadership, and the student who submits the chosen name will be recognized! We can't wait to see your creativity in action and to see the incredible work that comes out of this new space.

GO LIONS!
